Work Background & Achievements

Employment History & Work Experience

Since the beginning of 2000s, I have always made a career in performing arts, music and acting. In this process, besides many individual successes, concerts and events, I represented my country in the international arena. After 2020, I decided to add a new branch of art to my career, I continue to support it with Make-Up Artistry education and I am preparing to give a new direction to my career.

During my 2023 Media Make Up training, I voluntarily made make-ups for the musicians of a music group performed in the Midlands Art Centre which they would use on stage. In the same year, I voluntarily applied make-up to the Angel character in Kinky Boots, which was exhibited at the Core theatre, with the drag make-up technique in rehearsals and all performances.

Many of these roles required teamwork, some were individual and I was active on stage all roles.
